

## Social Experiment Game

**DON'T SHOW ANYONE YOUR CARD AT ANY POINT DURING THIS GAME!!!!**

You are going to create no more than 6 groups of people in this classroom.

The idea of this game is to be in a group where no one has a **RED** dot on their card. If you show anyone your card, you will make an automatic ZERO. You can tell them what is on your card, but you cannot show them.

Grades:

**Get Candy-** If you have a **RED** dot and you get yourself into a group with no other **RED** dots.

**Get Candy-** If you have a **BLACK** dot and you get yourself into a group with no **RED** dots.

**Get Nothing-** If you have any **RED** dot people in your group (not including yourself).

You will be given 8 minutes to put yourself into groups. When time is called, you are no longer allowed to move. Also, when time is called you must be in a desk. You may not rearrange desks. There is only one person per desk. Wait until I tell you to reveal your card. Good luck!

**D D**      **Everyone gets candy**  
**D D**

**D D**      **Red Dot gets candy, Black Dots get nothing**  
**D D**

**D D**      **Everyone gets nothing**
